

## ~PHOTO BOOTH WEDDING BROCHURE~

### **Congratulations. You're getting hitched!**

**Married! Yes Married! You are getting married! For over 34 years Black Tie Productions has worked hard to make sure that couples just like you experience an unforgettable wedding day. We understand how much your special day means to you and everyone involved. We aim to make it nothing short of perfect. And we set ourselves the target of exceeding your expectations. Dream and dream big!**

**We also understand that planning a wedding is a time consuming and often stressful experience. At Black Tie Productions, we realize that months of planning precede your special day. And when that day finally arrives you should be free to enjoy yourself without worrying about the many many details. That's our job! (And we are very good at what we do!) Since 1982 we have performed at 1000's of receptions and events.**

**We can put our vast experience to use by offering a one stop shop for all your wedding day needs including Disc Jockey, Photo Booth Rental and Atmosphere Up-lighting. Hire one service or hire them all. Bundling discounts can save you big! LET GET READY TO BUNDLE!!**

**This light hearted brochure discusses Wedding Photo Booth services in detail. So "Grab a prop and strike a pose!"**

### **Serious Warning!**

**By which we mean a warning about being serious. If you *are* planning to be serious—don't. If you actually *prefer* your reception photo booth photographs straight lace - We may not be the service for you. Black Ties' Photo Booths have been magnificently designed with silliness first in mind. Way beyond the crazy selfies you are so known for.**

**To up the "fun" bar, we provide props free of charge. We are not talking the basic mustache on a stick that gets broke within the first hour. No dollar store props! Premium props for everyone! Glasses, boas, guitars, signs and other fun articles. This will encourage your guests to return to the booth throughout the night for some light-hearted fun or a ton of straight forward stupidity. We are good either way!**

The booth is available to your guests as often as they want during the whole evening. We find guests especially keen to use the booth when they first arrive. We will of course eject anyone who wants to occupy the booth for the duration, accompanied by a 40 Oz can of Milwaukee's Best . Likewise the technician will attempt to stop anyone convinced that the photo booth is a form of confessional, before they spill too many beans.

Our photo booth minimum is a full 6 hours! And even 7 hours if you close during dinner. You may find our competitors only offer 4 hours and arrive during dinner to setup and ready after dinner. Think of this- Your photo booth is a great way to entertain your guests when they first arrive. With Black Tie photos taken during the first couple of hours tend to be a bit formal. Gradually however, as people grow livelier and the party mood escalates, the photo booth is quickly transformed into an epic center of silliness. More for your money. Formal, crazy and totally out of control!!

## Superb Picture Quality

To make sure you end up with great pictures, we work only with flash-enabled high-end cameras—no webcams, no viewfinders that make the subject look as if they're a mile away, no shots so low in definition they look like they have been shot through thick fog from a rowing boat in Lake Michigan. We will present all images on a flash drive after the event as well as in a high quality memory book with a copy of each photo strip. You get a digital copy and a hard copy. (See below for more details.) More evidence for future bribery.

## Fast, Professional Printers

The high quality of the cameras in our booths matches the high quality of our printing equipment. We can produce prints in under 10 seconds—more pictures, less waiting and more partying.

These photo-quality printers are not available across the counter at your neighborhood electronics store. Even Walmart.com does not offer them! By contrast, many of our competitors use cheap \$100-\$200 ink-jet printers. These typically take up to five minutes to print a single photo, not counting drying time. That's messy and time-consuming. We also use only top grade photographic paper. You and your guests deserve the best! Our motto is less wait time and more party time!

## Customization

As a keepsake, each photo strip has a customized footer with your names and wedding date. One picture goes to your guest(s) and another into a memory book just for you. And our memory books are the best! (Not some cheap \$9.99 scrape book special.) Just keep in mind that all pictures are a form of identification. Avoid committing a felony during the evening—the names on your photo strips may hand the FBI smoking gun evidence of your crime.

## SSE—(Silliness Sharing Enablers)

In addition to our many other talents we pride ourselves in being SSE (Silliness Sharing Enablers). We will provide your guests with an opportunity to leave written messages next to their pictures in the memory book. The messages get as creative as the pictures

A thumb drive is used to download all photos at the end of the event. This will make it easy for you upload, process or print them later. From here, it will take only a few minutes to post pictures to Facebook or your Wedding Site, or to email them to family and friends. Trust us—there *will* be pictures worth sharing (That one of the Uncle Joe wearing your grandmother’s brassiere as ear-muffs may well be a keeper!)

## Professional Assistant

A friendly, dressed-for-the-occasion photo booth technician remains by the booth throughout the evening. In addition to keeping the machine in perfect working order they will explain how it works, (Grab a prop and strike a pose! - pretty easy.) They do encourage guests to participate. This is a level of service provision well above the norm. Some competitors drop off booths and are not seen again until they return for their machine at the end of the event. Black Tie is full service and all-inclusive!

We do believe our booth are just plain GREAT! And our staff is fun, professional and a little crazy. What more do you need for a perfect photo booth experience?
